

Reichmann & Sohn GmbH

Reichmann honors long-standing employees

(from left to right: Managing Director Stefan Reichmann, Andreas Müller)

Thank you for a total of 60 years: At this year's Christmas party, two employees of Reichmann & Sohn GmbH were honored for their many years of loyalty to the company.

The Reichmann & Sohn GmbH Christmas party provided a festive setting for honoring two long-standing employees. Stefan Gatscher, construction mechanic, was honored in absentia for an impressive 40 years of service. Andreas Müller, head of automation technology, has also been with the company for 20 years. In addition, both have been active on the works council for many years, making an important contribution to the spirit of cooperation within the company.

"The long-standing expertise of our employees is of immense value to us as a mechanical engineering company with a complex and diverse product range. The jubilarians have contributed significantly to our success over the years. I would like to thank both jubilarians for their great commitment and loyalty and look forward to many more joint successes," said Stefan Reichmann, Managing Director of Reichmann & Sohn GmbH.

Reichmann & Sohn GmbH is a family-run mechanical engineering company based in Weißenhorn near Ulm. Approximately 80 employees work in three independent business areas related to the core competencies of grinding and cutting for customers worldwide.
